Pull 20 or 30 hairs at a time, with even pressure until it is released. Make sure your hair samples have follicles. Line the hair up like matchsticks, with follicles up, tape in the space below, about an inch under follicles. Mane hair from adult horses is fine. Foals should be tail hair. (Alternate is to put hair into ziploc bag label hair and send bag attached to this form.)

\$35.00 covers test & shipping & handling, payable to **Windcross Conservancy**

Mail to: AHHA, 14393 Riverside Rd. Buffalo Gap, SD. 57722
